

**ALQUIST ENTERPRISES BUSINESS TRAINING CONTRACT
FOR AMSOIL DEALERS OUTSIDE OF OUR SPONSORSHIP LINE**

- 1. As a matter of Alquist Enterprises policy, AMSOIL Dealers in our line of sponsorship are provided at no charge training by us to equip them for business success.**

This includes, but is not limited to, how to create a three year Business Plan; how to manage a business for steady, profitable growth; personal as well as professional development; network marketing (MLM); attracting and mentoring downline Dealers; development and deployment of a non-template business website and its continuing enhancement (as well as search engine optimization and sponsored search); consultative sales training; self-service retailing; Business Accounts; and choice of a business model.

- 2. Business Training, as described above, includes use of our AMSOIL training website, www.train-them-well.com, both the open and password protected sections, AND up to eight hours of telephonic consultation and reply to email questions.**
- 3. This training is provided by self-study of written materials, offline and online, provided by us combined with the above-mentioned telephonic consultation and email exchange.**
- 4. We will provide the password for the restricted section for the sole use of the client, who may not share the password or access to the password protected area of the www.train-them-well.com website with anyone. Sharing the password or sharing of these copyrighted materials constitutes a breach of contract.**
- 5. The fee for Business Training is \$350, payable to Alquist Enterprises, for T-1 AMSOIL Dealers outside of our line of sponsorship. The fee is on a per Dealership basis, including the Dealer and his/her spouse. Business Training includes all of the topics mentioned in Paragraph 1.**
- 6. Neither Alquist Enterprises nor its owners, John J. & Shirley S. Alquist, make any predictive claims of the Dealer's future level of success. That success is highly contingent upon the effort and motivation of the Dealer. That being the case, the extent of success depends solely upon the Dealer.**
- 7. The \$350 fee is due and payable upon signing of this contract. It can be paid by using the Pay Pal "buy now" button on this page.**
- 8. This Basic Business Training must be combined with extensive product training provided by AMSOIL INC's website and other materials to be effective.**

It is understood that, while you will be receiving training from the Alquists, you continue as a member of your existing AMSOIL Dealer's dowlne organization.
